

Appendix: Sample prescription form

The following sample prescription form gives examples of sections found in most hospital prescription forms.

Generic General Hospital NHS Trust Prescription and Administration Record

Date of admission 3 / 4 / 20 03

Date of planned discharge / / 20

TTOs written	TTOs received by pharmacy

(Space for patient identification label)

Name (Surname) NOTHER		Unit No. 0123456
First Names ANN	DOB 10/4/1945	
Consultant		
Ward 6H	Site	
Height 150 cm	Weight 65 kg	
House Officer ADOC	Bleep 1234	

Chart Number 1 of 1

Allergies, Drug Intolerances and other useful information

ELASTOPLAST – CONTACT DERMATITIS

MIGRAINE INDUCED BY CAFFEINE

Notes to prescribers

Write legibly in black ink and use approved names for all drugs (Except where trade names are essential).
Please avoid use of decimal point where possible.

Any changes in drug therapy must be ordered by a new prescription, DO NOT alter existing instructions.

This prescription sheet is valid for two weeks only.

Antibiotics:

Review IV antibiotics after 24 hours.

The IV route should be changed to oral as soon as clinically possible.

Please indicate a stop date when initiating oral treatment.

Pre-medication, Once only drugs and Prophylactic Antibiotics
